Forecast for Sunday 04 Oct 2020

Weather: Persistent, occasionally heavy rain at first easing this morning becoming light and drizzly and it should tend to brighten up a bit in the afternoon as the cloud lifts, and in places breaks. The odd shower is still possible though.

Chance of cloud free mountain/hill tops above 800m: 20% at first with extensive cloud, gradually improving to 70% as bases lift, and break an extent

Visibility: Poor in heavy rain at first and in mist and drizzle, becoming good at times away from cloud in the afternoon.
